I have discorvered the books with Wings of Fire Book Three : "The Hidden Kingdom". I love Gloria, she looks like me a lot and made me want to know the others books. I must admet, I was a bit sad to discover than she wasn't the principal character of all the books... But the others are nice too ^w^ So I'm not too sad either :)

I'm French and do not speak (or whrite) english very well. Please tell me if I make mistakes !

(Hmm, we cant' edit ? :o)

Exactly, in French it's : Argil, Tsunami, Gloria, Comète and Sunny (probably the only one that doesn't have a translated name), then Lune Claire, Winter, Péril, Kinkajou and Qilbi.

Talons of Power brought my obsession to full, I couldn't get enough. I loved SeaWings since book two, and I emphasize so much with Turtle, and Anemone as well. I also love the plot, the Animus magic, Turtle not being known by Darkstalker... it was amazing, and by far the best of the 11 books I've read. I've bought all the books out since.

Pretty much **all** the books made me a FanWing, but I especially loved Moon Rising. The first one I got was The Lost Continent, but I bought myself Moon Rising since I'd liked the other one so much. By the time I'd finished Moon Rising, I was asking for 4 Wings of Fire books for Christmas! When I got them, I loved them so much that it took me only a day to read each one.

I! Love! Wings Of Fire!

I was in third grade when TDP came out and I snatched the very lost copy of it from another girl at the bookfair. There had been a poster in the hallway for it and I'd passed it for weeks waiting and waiting to get it. My favorite book is Moon Rising followed closely by The Hidden Kingdom cause I love Moon and Glory so much. I don't have a way to read the ebook short stories right now, but I'm dying to get my hands on them. I have the entire series, including Darkstalker, all 12 books, the comic, both maps, the exclusive card pack, the other cards from LoD, and the exclusive extra art in TLC. I'm devoted to this series and love it to no end!

The first book I ever read in the series was in fifth grade, I noticed my friend was reading the series in fourth grade so I decided to try it. The only book there at the library was the 6th so I read it and the first word on the first page in the first chapter was amazing so then I jumped to the 2nd then 5th, 4th, 10th, 1st, 8th, 3rd, 9th, and lastly 11th. I LOVE THE 11th THE MOST!!!!!! :3:3:3:3;3

When I began reading *Wings Of Fire* in 3rd grade, I put it down before I finished the prologue. I wasn't in to dragons yet, so I took a break. But, when my friend recommended the Wings Of Fire series to me in 4th grade, a whole year later, I decided that I should read it. Now, I am in 5th grade, and I have read the whole series, and waiting for *The Hive Queen* to come out! I can't wait to read the *Winglets* series, which has also been highly recommended to me. Now, I have also been constantly drawing the dragons, and they look amazing! Tui is amazing, and she has changed my experience of reading books just by reading the first few pages of *Wings Of Fire #1, The Dragnet Prophecy.* Thank you Tui!
